A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable agent in "Golden Medical Discovery" in subduing chronic or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities. In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable agent, even when the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough, and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, chronic, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases. It is sent free. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful habit-forming drug. Ingredients all printed on each bottle wrapper in plain English. Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

HAIR TELLS CHARACTER.

Color of Hair to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. S. B. H. of Paris, France, introduced a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Noddy's Hair Dressing.

"Destroy the cause—you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MAYOR JOHNSON IN CONTEMPT.

Papers were served on Mayor Tom L. Johnson in Cleveland, Ohio, late yesterday afternoon, citing him to appear in Common Pleas Court this morning to show cause why he should not be punished for contempt for violating a temporary injunction issued by Judge Ford yesterday.

The injunction was issued upon application of the Cleveland Electric Railway Company, and restrained the city from proceeding further with the tearing up of the street railway tracks in Fulton street, which was begun by a force of several hundred men, under the personal direction of Mayor Johnson, early yesterday. The work of tearing away the tracks was well under way when the restraining orders were served on the mayor, and no attention was paid to them when they were served.

The matter is the outgrowth so far of the contest which is on between the Cleveland Electric Railway Company, which is seeking an extension of its franchise, and the new Municipal Traction Company, backed by Mayor Johnson and others, which proposes to operate a number of street car lines on the 8-cent fare basis.

While the work of tearing up the old company's line was in progress Judge Ford granted an injunction restraining the city and Municipal Traction Company from further interference with the tracks. The Cleveland Electric Railway Company declared the action of the city in ordering the tracks torn up was a violation of its franchise rights. The injunction was served upon Mayor Johnson personally. He acknowledged the service and put the document in his pocket, but told the men to proceed with their work, and ignored the court's order.

The work of tearing up the old track in Fulton street was completed shortly after noon, and preparations were at once begun to lay the tracks of the Municipal Street Railway Company in that thoroughfare.

Mayor Johnson said last night: "On June 11 the city council, by resolution, ordered the railway company to move its single track on Fulton street, and directed the board of public service to move the tracks unless the company complied within thirty days. That was six weeks ago. And the order has been utterly ignored by the company. The railway has been violating the law all this time, and has shown no inclination to obey the city's order, which was a perfectly reasonable and usual one."

The hearing this morning, in which Mayor Johnson is cited before Judge Ford for contempt, will be stubbornly contested on both sides, and promises to be sensational and dramatic.

RUSSELLSAGE IN A STEEL VAULT.

The body of Russell Sage was taken to Troy, N. Y., and buried in Oakwood Cemetery in a steel compartment specially constructed to resist any attack that might be made upon it and to prevent the possibility of another robbery by ghoulies like that of A. T. Stewart's remains. It was Mrs. Sage's idea to take every precaution to prevent the despoliation of her husband's last resting place.

The steel vault cost \$22,000 and was cast in Albany. It is 7 feet 11 inches long, 42 inches wide and 32 inches in depth, and is said to be absolutely burglar proof. On each side of the vault there are four self locking clasps. On each end are two clasps of the same type. It is said that once locked they cannot be opened. Between the clasps are heavy rivets.

It weighs three tons and is said to be of such fine-tempered metal as to be strong enough to withstand any number of charges of dynamite. As a matter of precaution, however, it is equipped with electrical appliances that will give an alarm in the event of the vault being tampered with. It is said that for the first year a guard will be stationed near the vault at night to further insure it against burglars.

The body of Mr. Sage was taken from his Fifth avenue home and put on a special car attached to the Montreal express from the Grand Central Station at 9:45 o'clock yesterday morning. Mrs. Sage, Col. J. J. Slocom, Mrs. Munn, the wife of Dr. John P. Munn, Mr. and Mrs. Charles E. Chapin and the Rev. Mr. Hageman, assistant rector of the Collegiate Church of St. Nicholas, went with the body to Troy. When the train arrived at the Troy station about 4,000 persons were waiting. The funeral car was detached and run over to the Oakwood Cemetery. There was another crowd at the cemetery, but a tent had been raised over the grave, which prevented those on the outside from seeing the burial service.

Dr. Hageman read a short burial service. Mrs. Sage wept while the prayer was being read. The services were brief and then Mrs. Sage, with those who accompanied her, returned to the special

car which had brought them to Troy. They had to wait nearly three hours in the car before they started back again for New York, which they reached at 9 o'clock last night.

A monument will be raised over the grave and on it will be this epitaph: "I have done the best I could by the light of day."

It is understood that Mr. Sage's will will not be filed for probate until Friday, although it had been announced by the lawyers that it would be probated today. One reason for the postponement, it was said, is that while Mr. Sage had been ill for some time his death was not expected, and certain of his business affairs had to be attended to before the will was filed.
